2024 Transitions and Noticing Impacting Duals

Update: Medi-Cal Matching Plan Policy

Update: Medi-Cal Matching Plan Policy

- » 2023: In 12 counties, dual eligible beneficiaries who are enrolled in a MA plan must be enrolled in the matching Medi-Cal managed care plan **if a matching plan is available.**
 - Medicare is the lead plan.
 - The 12 "[Medi-Cal Matching Plan](#)" counties are: Alameda, Contra Costa, Fresno, Kern, Los Angeles, Riverside, Sacramento, San Bernardino, San Diego, San Francisco, Santa Clara, and Stanislaus.
- » **2024: DHCS is updating the Medi-Cal Matching Plan County logic to add Kings, Madera, Orange, San Mateo and Tulare counties.**

Medi-Cal Managed Care Plan Transition

2024 Managed Care Plan (MCP) Transition

Beginning in 2024, Medi-Cal MCPs will have new requirements to advance quality, access, accountability, and transparency.

- Some Medi-Cal members in **21 counties** may need to transition to a new MCP on January 1, 2024. **The member transition is NOT happening in all counties.**
- The 2024 Medi-Cal MCP transition **does not affect members' Medi-Cal coverage or benefits.**

2024 MCP Transition Communications Resources

- Members who have to change health plans will receive transition notices in October, November and December 2023
- DHCS developed resources to support members, providers and other stakeholders with the transition, available on the DHCS website:
 - [County look-up tool](#) with information about MCP changes in each county
 - [Member FAQs](#) with information about the transition
 - [Continuity of Care FAQs](#) with information about how members can potentially keep their providers if their health plan is changing
 - [Notices](#) members will receive from Medi-Cal about the transition
 - [Notice of Additional Information](#) (NOAI) is accessible from a QR code on the notices or by request. The NOAI is translated into all threshold languages and is available as downloadable PDFs.

Reminder: Medicare Delivery Systems for Dual Eligible Beneficiaries

- » **Original Medicare (Fee-for-Service):** The original system where Medicare pays providers for each service rendered.
- » **Regular Medicare Advantage (MA):** Plans serve both dual eligible and Medicare-only members and are not required to have written agreements with DHCS for benefit and care coordination.
- » **Dual Eligible Special Needs Plans (D-SNPs):** Medicare Advantage plans that provide specialized care and wrap around services to members that are dually eligible for both Medicaid and Medicare. D-SNPs must have a State Medicaid Agency Contract (SMAC) with the state Medicaid agency, DHCS, in California.
 - **Medicare Medi-Cal Plans (Medi-Medi Plans aka EAE D-SNPs):** These plans meet integrated D-SNP care coordination requirements with integrated member materials, integrated appeals & grievances, and membership is limited to dual eligible members who are also enrolled in the Medi-Cal MCP affiliated with the D-SNP.
 - **Non-EAE D-SNPs:** These plans either have an affiliated Medi-Cal MCP but are not in counties that offer Medi-Medi Plans yet or are do not have an affiliated Medi-Cal MCP.

Medicare Delivery Systems for Dual Eligible Beneficiaries (cont.)

» Other Integrated Care Options

- **Fully Integrated Dual Eligible Special Needs Plan (FIDE SNP):** California has one FIDE SNP operated by SCAN that provides integrated Medicare and Medi-Cal benefits to dually eligible members.
- **Program of All-Inclusive Care for the Elderly (PACE):** PACE is an integrated care model that provides medical and long-term services and supports to individuals aged 55 and older who meet the criteria for a nursing facility level of care, most of whom are dually eligible. California has a number of PACE organizations.
- **Other Special Needs Plans (SNPs):** Examples include Chronic Conditions Special Needs Plans (C-SNPs) and Institutional Special Needs Plans (I-SNPs).

Medi-Medi Plans

- » Medicare Medi-Cal Plans (Medi-Medi Plans) are a type of Medicare Advantage plan in California that are only available to dual eligible members. Medi-Medi Plans are required to coordinate all Medicare and Medi-Cal benefits for their members.
 - Medi-Medi Plans is the California-specific name for Exclusively Aligned Enrollment Dual Eligible Special Needs Plans (EAE D-SNPs).
- » As of January 1, 2023, Medi-Medi plans are available in the following counties:
 - Los Angeles, Orange, Riverside, San Bernardino, San Diego, San Mateo, and Santa Clara
- » Starting January 1, 2024, Medi-Medi Plans will be newly available for voluntary enrollment in five additional counties:
 - Fresno, Kings, Madera, Sacramento, and Tulare
- » To enroll, a beneficiary can contact their Medi-Cal plan or 1-800-MEDICARE.
 - Medi-Medi Plans in the expansion counties can be selected starting in the fall during Medicare Open Enrollment (October 15 – December 7, 2023).

Welcome to Inland Empire Health Plan

Inland Empire Health Plan (IEHP) is a top 10 largest Medicaid health plan and the largest not-for-profit Medicare-Medicaid plan in the country.

Membership

1.6M Members
7K+ Providers
3K+ Team Members

Mission

We heal and inspire the human spirit.

Vision

We will not rest until our communities enjoy optimal care and vibrant health.

Values

We do the right thing by:

- Placing our Members at the center of our universe.
- Unleashing our creativity and courage to improve health & well-being.
- Bringing focus and accountability to our work.
- Never wavering in our commitment to our Members, Providers, Partners, and each other.

Community Supports

The Departments of Health Care Services (DHCS) encourages Managed Care Plans (MCPs) such as IEHP to offer a robust menu of 14 Community Supports Services (preapproved by DHCS) to comprehensively address the needs of Members – Including those with the most complex challenges affecting health outcomes such as:

- Homelessness
 - Unstable and unsafe housing
 - Food insecurity
 - Other social needs
- A key goal of Community Supports is to allow Members to obtain care in the least restrictive setting possible and to keep them in the community as medically appropriate.
- Community Supports are optional but **STRONGLY** encouraged.
- Members are not required to use Community Supports.
- Members must have an **APPROVED** authorization in order to obtain these services.
- IEHP offer all 14 Community Supports Services.

Recuperative Care (Medical Respite)

Recuperative Care is short-term residential care for individuals who no longer require hospitalization but still need to heal from an injury or illness & whose condition would get worse in an unstable living environment.

At a minimum, the service would include:

- Interim housing with a bed
- Meals
- Ongoing monitoring of the individuals ongoing medical or behavioral health condition.

Eligibility Requirements:

- Members who are at risk of hospitalization or are post-hospitalization, and
- Members who live alone with no formal supports; or
- Members who face housing insecurity or have housing that would jeopardize their health and safety without modification.

Recuperative Care Success Stories

Quote from a staff member at Helping Hearts Recuperative Care:

“I truly believe that Recuperative care is very helpful in getting homeless/unhoused members get back on their feet whether it’s taking medications, finding jobs, re-unification with families, replacing missing necessary documents (ID, SSC, Birth Certificate) needed for housing. We helped them with their sobriety and recovery care after hospital discharge as well.”

Success Story #1

Member was homeless and needed a place to stay. Member was diagnosed with Bipolar Disorder. Our Recuperative Care connected member through their Psych mobile and member started taking his medications. They assisted the member on utilizing their computer to look for a job. As a result, member found a job at California Conservation Corps. in Stockton, Ca. His employer provided the member with a bus pass to get to work.

Success Story #2

Member came from Jackson House in Temecula. Our Recuperative Care accepted the member and got him connected with a Psychiatrist and started taking his medications. They helped him get his ID which he needed to apply for a job. Member found a job and was hired at Major Drilling America in Utah. The employer had sent member a plane ticket which was verified by Recuperative Care Manager. Staff dropped off member to the airport, and member made it safely to his new job and home in Utah.

Success Story # 3

Member was with our Recuperative Care program twice. The member was originally discharged to his family. Member reached out to us asking for help. Since he left our facility, the member stopped taking all his Psych medications. We accepted the member back and connected him to Psych Mobile. Member started taking medications again and is now stable. Member found a job at Landscape Maintenance of America as a lead driver and are helping other homeless in the encampment. He comes to visit us 3-4 times a month just to let us know he's doing great and telling others who need help to reach out to us. Since then, he had recommended 2 people which he met in the encampment to join our Recuperative Care program.

Success Story #4

Member was with our Recuperative Care before and had completed the program and was discharged. Our Recuperative Care accepted the member back and helped him get all the necessary documents needed for his housing. The member finally got his voucher for an apartment and was able to purchase a car.

Recuperative Care Impact

These are just a few of our members' success stories. Since IEHP started offering Recuperative Care Services in January 2022, 301 authorizations have been approved for Recuperative Care and we have helped 204 members recover and get back on their feet. Numerous members have found jobs and maintain their sobriety. We also have members that's been reunited with families and are currently staying with them. Thanks to the hard work of our Recuperative Care providers, these members are living better, more productive lives.

Dual Enrolled Client Challenges and Opportunities

- Dual Medicare/MediCal recipients tend to be older and more medically frail than MediCal recipients. This is likely due to eligibility criteria related to age, disability that prevents substantial gainful activity, and/or chronic renal disease
- Multiple studies have demonstrated that people experiencing homelessness also experience premature aging. Thus, Medicare recipients, already usually over 65, often present with the medical age of geriatric people.
- Dual eligibility does not affect recuperative care reimbursement rates
- Some dual eligible clients have MediCal spenddowns that can pose a costly barrier to services
- Medicare reimbursement rates for IFMG primary care are higher than MediCal reimbursement rates, helping to sustain their work with a high acuity population
- Medi-Medi recipients are easier to transition to high levels of care when needed

Unity House

- Unity House is a 20 bed recuperative care for women located on the St. Jude hospital campus in Fullerton
- All staff are women
- Women experiencing homelessness experience gendered violence including sexual assault at disproportionate rates
- Unity House provides a trauma informed space for women experiencing homelessness

Partnerships for Action: California Health Care & Homelessness Learning Collaborative

Katelyn Taubman, Illumination Foundation staff member with lived experience, was an Collaborative Advisor for the Center for Health Care Strategies review panel.

Partnerships for Action Goals

The goal of the Partnership for Action is successfully house 20 people who are high utilizers of emergency medical services each program year and ensure high rates of housing retention after one year in housing.

- **High utilizers of emergency medical services are defined as having:**
 - **5 or more emergency department visits in the past 6 months**
 - **3 or more inpatient stays in the past 6 months**

Senior Microcommunities

- Senior Microcommunities are single family residential homes master leased by Illumination Foundation. Private rooms are sublet to seniors 55+ experiencing homelessness
- Rents are between \$500-\$750 depending on the property compared to \$1,000 for most private room rentals in OC. This makes the rent more affordable for seniors on fixed incomes that are usually between \$1,000-\$2,000/mo
- Residents receive case management services and nursing students from a local college visit to assist
- The shared living model mediated through services can help address social isolation

Referring Members to Recup and STPH

- Our normative referral department is used in processing both Recuperative Care and STPH members
 - 888-505-0855
- Assessment against recuperative care criteria or STPH criteria
- Unclear cases can be taken and evaluated amongst 2-week presumptive period (barring clearly ineligible cases)
- ED referrals are acceptable under 2-week presumptive period

CAMPAIGN

Keep Your Medi-Cal

DESCRIPTION

The California Department of Health Care Services (DHCS) is conducting a statewide public information, education, and outreach campaign to raise awareness about the return of the annual Medi-Cal eligibility renewals and encourage Medi-Cal members to take steps to keep themselves and their families covered.

To promote collaboration with community groups in this effort, DHCS created the Keep Your Community Covered Resource Hub with outreach materials in **English**. Simply select from the tabs below to download and share graphics, flyers, videos, and access specific audience resources. These materials can be customized and are designed to help Medi-Cal members take steps to keep their health coverage.

Mantenga Su Medi-Cal

CAMPAIGN

Mantenga Su Medi-Cal

DESCRIPTION

The California Department of Health Care Services (DHCS) is conducting a statewide public information, education, and outreach campaign to raise awareness about the return of the annual Medi-Cal eligibility renewals and encourage Medi-Cal members to take steps to keep themselves and their families covered.

To promote collaboration with community groups in this effort, DHCS created the Keep Your Community Covered Resource Hub with outreach materials in **Spanish**. Simply select from the tabs below to download and share graphics, flyers, videos, and access specific audience resources. These materials can be customized and are designed to help Medi-Cal members take steps to keep their health coverage.
